Independent contract instructors bring valuable skills and expertise to provide the individuals and families with opportunities to learn new skills, stay active and healthy, and meet new people. Recreation and enrichment classes promote personal well-being among our communities and improve the lives of LA County residents. Programming ranged from a variety of recreation, education wellness and specialty classes, including yoga and meditation, sports skills, dance, fitness, visual arts and performing arts, computer programming and technology, and more.

Contract Class Program creates a nexus in programming with individuals and businesses to offer specialized classes at local parks, recreation and nature centers. LA County Parks provide class instructors with access to amenities including dance and art studios, classrooms, and outdoor spaces, so that the public may benefit from classes and workshops offered at their local parks. Instructors have the flexibility of hosting multiple class offerings on a seasonal basis. Instructors set the times, the number of weeks, registration, and supplies fees, as long as they both remain within the Department's preset programming season, and facilities are available. LA County Parks supports the Contract Class Program by facilitating online participant registration through Active Net, providing access to facilities, supporting an instructor portal to manage class rosters and attendance sheets, and promoting activities to the County's over 10 million residents. The Contract Class program enhances the opportunities for recreation when buildings are already open and staffed.
